NAIROBI

RE: NOMINATION OF A MEMBER TO WORKING GROUP 1 (WG1)

The Kenya Police Service, in collaboration with the Japan International Cooperation Agency (JICA), is implementing the project titled ***"Strengthening of Safe-System Approach to Road Traffic Accidents in Kenya."*** The project aims to enhance road traffic safety through improved accident investigation, strengthened enforcement of traffic regulations, and enhanced coordination among relevant stakeholders.

Following the **2nd Joint Coordination Committee (JCC) meeting**, held on the **24th February,2026**, at **USIU**, to which your State Department was invited to discuss the progress made so far under the project, we wish to further strengthen collaboration with key stakeholders in the implementation of project activities.

The project has three key outputs, each supported by dedicated Working Groups (WG):

1. **Strengthening traffic accident investigation and analytical capacity of the Kenya Police Service** – implemented through **Working Group 1 (WG1)**.
2. **Strengthening enforcement skills with appropriate traffic regulations** – implemented through **Working Group 2 (WG2)**.
3. **Effective coordination among stakeholders for the Safe-System Approach through pilot projects** – implemented through **Working Group 3 (WG3)**.

Working Group 1 (WG1) is responsible for guiding the **development of a Crash Database System for the Kenya Police Service** to improve the collection, management, and analysis of road traffic accident data.

In this regard, we kindly request the Ministry of Information, Communications and the Digital Economy to nominate an officer to join WG1 and provide guidance during the development of the system.

Kindly share the name and contact details of the nominated officer at your earliest convenience.

We look forward to your positive response and cooperation in this matter.

DR. MUSYOKI MUTUNGI, PhD, MBS, AIG
FOR: DEPUTY INSPECTOR GENERAL
KENYA POLICE SERVICE

Cc: Project Team Leader
Mr. Hiroji Kasamatsu
